

Savannah Falls

Plan 604

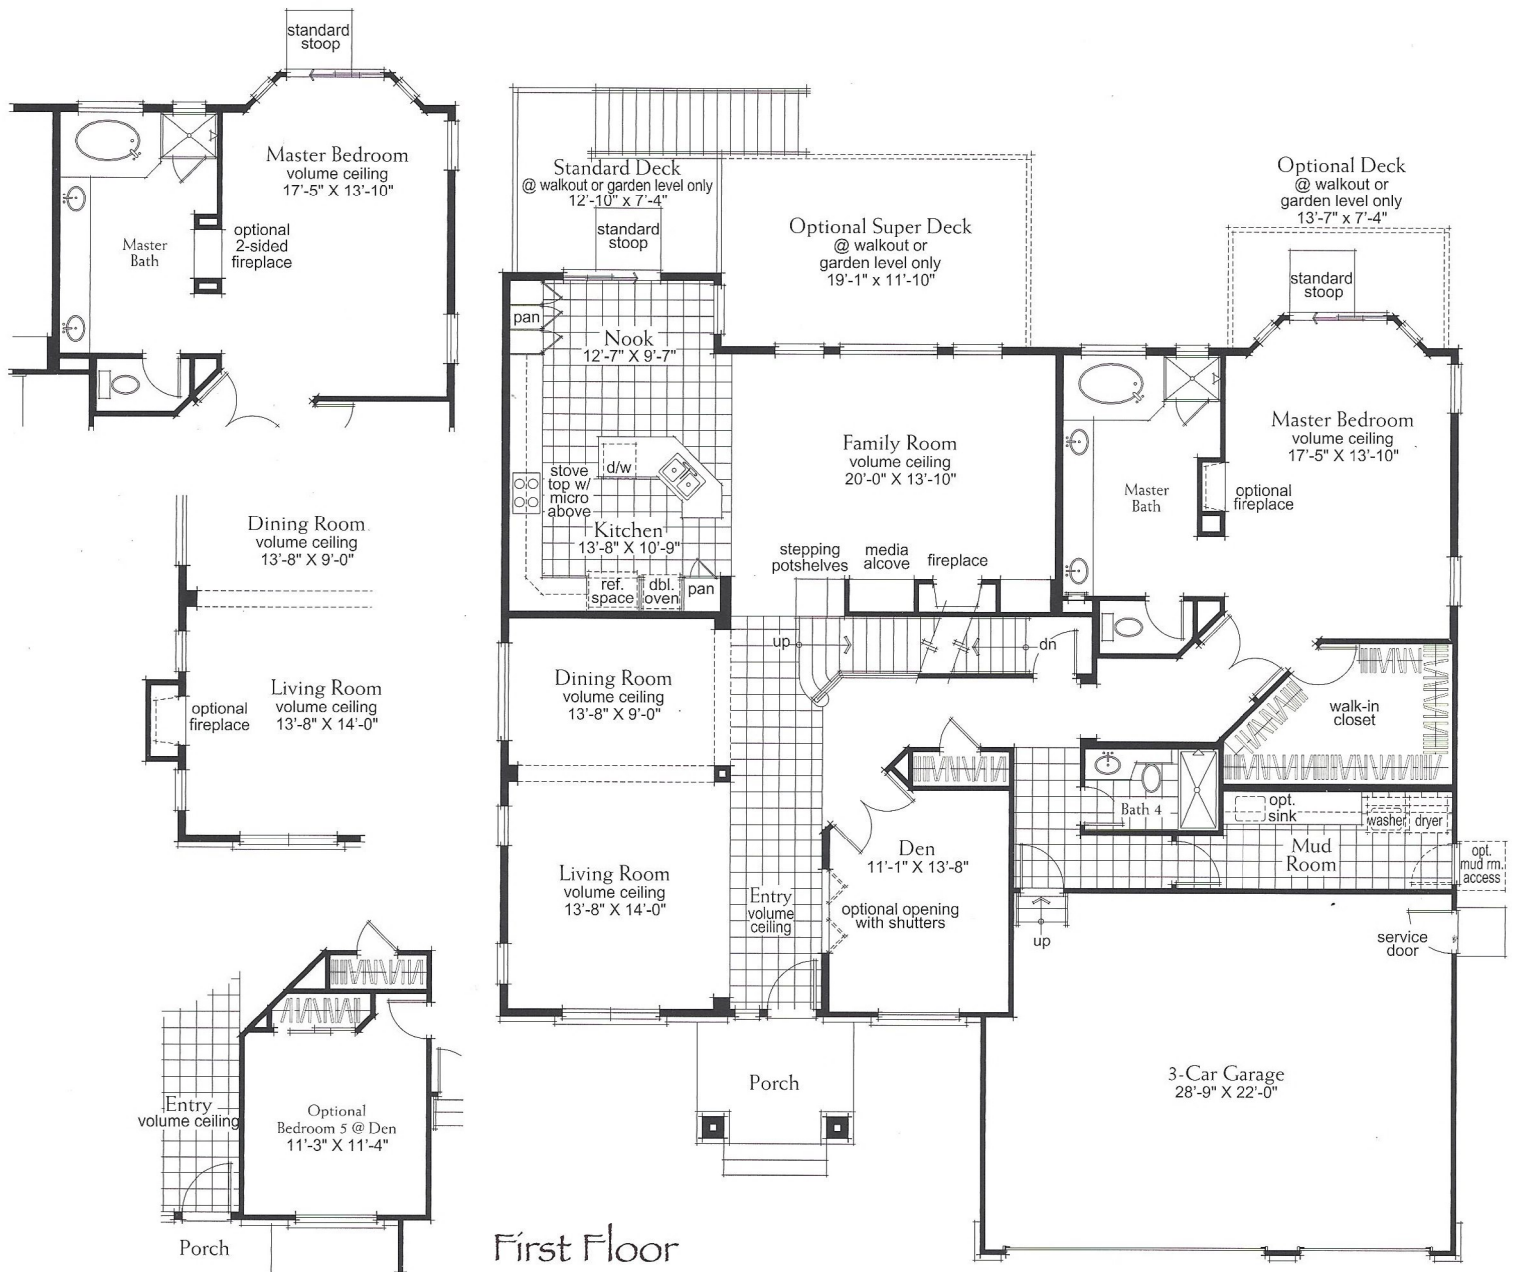

SQUARE FOOTAGE

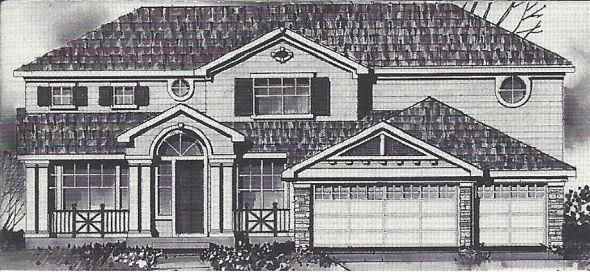

Total: 3,222 Basement: 1,178 Optional: 359

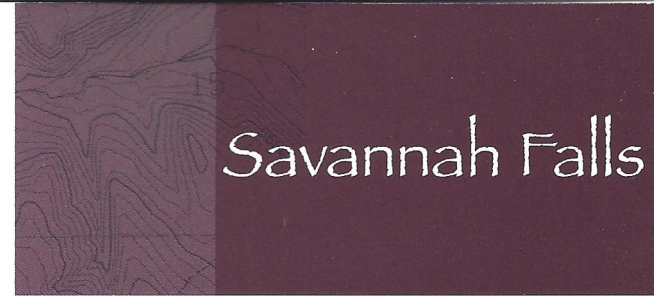

Elevation A

The Savannah Falls features an elegant main floor master bedroom. With 2 additional bedrooms and a bonus room upstairs, plus 3-3/4 bathrooms, this home is extraordinary in size. The formal dining room and adjoining living room offer several entertaining options. This 3,222 square foot home also includes a spacious family room with fireplace and den. An additional option for an upstairs bedroom adds 359 square feet to this plan. With a 1,178 square foot unfinished partial basement and a 3-car garage, the Savannah Falls is an exceptional value.
